THE CAVIT HOME COLLECTION

DEBBIE CAVIT CASTS HER MASTERFUL EYE AROUND THE WORLD TO BRING US A NEW COLLECTION OF UNIQUE AND HIGHLY COVETABLE DESIGNS.

“I’m excited about this launch and being able to create a diverse look for our clients.”

Since the establishment of Cavit&Co 24 years ago I’ve travelled the world looking for the finest ranges of furniture, linen, lighting and accessories for our showrooms in Auckland and Arrowtown. Each range has been selected to meet our design ethos of providing the finest classic contemporary furniture ranges in New Zealand.

On my travels I have often seen beautiful items by less well-known brands which have interested me due to their unique designs, materials and finishes. I have been working with a number of these new suppliers for several months and we are pleased to have launched The Cavit Home Collection in July, 2015. The collection includes contemporary furniture from Italy; glass vessels from Germany; custom-made bed linen from Italy; rattan by iconic Danish mid-century designers; outdoor furniture from Belgium; leather armchairs and hand-crafted tables from Portugal; bronze accessories, lighting and furniture from Thailand; Luxury Vispring handmade mattresses from England; and hand-knotted rugs from Turkey, all of which add a fantastic energy while still working in with our existing collections.

I’m excited about this launch and being able to create a diverse look for our clients, while still offering the same excellent quality and service expected of us. We look forward to introducing the new collections to you personally. - *Debbie Cavit*
